

BOSTON PRIMARY SCHOOL

APPLICATION PROCESS FOR ENROLMENTS AND TRANSFERS 2026

Applications for enrolment and Transfers are processed online via the Western Cape Education Department (WCED) website. The dates to apply are on their website.

GRADE R AND GRADE 1 (Applications)

Access the WCED website (wcedonline.westerncape.gov.za) within the timeframes to register. The dates are available on their website.

Once registered, login to complete the application process and upload the requested documentation. Ensure that all the details you captured and uploaded are correct as schools cannot process incomplete applications. No changes can be made after the closing date. Apply to at least three schools as schools receive more applications than they can accommodate.

After the closing dates, the schools process the online applications. Parents will be informed of the outcome of their application via email/sms and on the WCED website.

GRADE 2 TO 7 (Transfers)

Parents applying for Grade 2 to 7 learners will do a transfer. The schools and district offices will capture the requests. Please note that schools will only be able to capture requests where a parent wishes the learner to transfer to their school. District offices will be able to capture transfer requests for multiple schools.

Due to the high demand for spaces, the WCED will only consider transfer requests under special circumstances.

After the closing dates, the schools process the online applications. Parents will be informed of the outcome of their application via email/sms and on the WCED website.
